JUDGEMENT FOR PROFESSIONAL ZENITH

Dream House, 2/4, Block-A,
Mohammadpur Housing Estate,
Mirpur Road, Dhaka-1207,
Bangladesh

TOPIC 01

JPZ Consulting (Bangladesh) Ltd. is ISO 9001:2015 certified and has already applied for ISO 14001:2015 and ISO 45001:2018 certifications to enhance its commitment to quality, environment, and workplace safety.

TOPIC 02

JPZ has emerged as one of the leading consultancy firms in Bangladesh, particularly in the Port and Harbor sector. We have been actively involved in a range of projects including ports, terminals, dredging works, and related infrastructure development.

TOPIC 03

JPZ is proud to commence a new feasibility assignment in joint venture with the renowned DAR group. The project involves conducting an Environmental Impact Assessment (EIA) for a proposed container terminal, with APM Terminals as the client. This marks another significant step in our growing portfolio of port and harbor consultancy services.

ORGANIZATIONAL INITIATIVES

JPZ continually strives to expand and upgrade its organizational capacity through strategic initiatives. The Center for Extension Services, Research and Training (CESRT) acts as a vital link between research, training, and practical implementation—offering advisory, capacity building, and applied research in infrastructure, environment, and development.

Our recognition by the Asian Development Bank and the World Bank reflects JPZ's strong commitment to quality, innovation, and sustainable development.

ONGOING PROJECTS

JPZ successfully designed two 2000 MT slipways with all related infrastructure For the BIWTC dockyard project. The work involved detailed soil and hydrological analysis, advanced FEA modeling and design of steel structures, cradles, Slipways, and winch house, etc. the designs were successfully vetted by BUET.

JPZ Consulting Ltd. is working as the Supervision Consultant for the "Establishment of Modern Waste and Spilled Oil Management" project under Mongla Port Authority, funded by the Government of Bangladesh. The project aims to construct a state-of-the-art Port Reception Facility (PRF) in line with MARPOL and IMO regulations. JPZ is ensuring construction quality, regulatory compliance, and timely implementation.

Design and Supervision Consultancy Services Regarding Construction of 02-Nos Slipway Each 2000 M T (Max) with related Infrastructures and all other Incidental Works at Dockyard No 1 & 2 of BIWTC

Consultancy Services for Establishment of Modern Waste and Spilled Oil Management project

CONSTRUCTION OF 1690M BRIDGE AT FERRY LOCATION AT 17KM ON KACHUA-BETAGI-PATUAKHALI-LOHALIA-KALYA ROAD (Z8052)

The 1690-meter bridge on the Kachua–Betagi–Patuakhali–Lohalia–Kalya Road (Z8052) is being implemented under a FIDIC contract, aligning with globally recognized standards used in international infrastructure projects. This approach ensures transparency, quality assurance, and equitable risk management—marking the project as one of Bangladesh's notable efforts to adopt internationally practiced contractual frameworks for large-scale development.
